

International Moth Class Measurement Form and Certificate

The Measurement Form and Certificate comprises 3 parts:

1. The Owners details, owner declaration and National Authority endorsement.
2. The Hull, Spar and foil Measurer's declaration
3. The sail measurement form (1 page for each sail, add additional pages as necessary)

For this Measurement Form and Certificate to be valid:

1. The builder shall pay the current standard fee to the National Authority or its delegated Representative (National Association) which shall issue an International Class Fee (I.C.F) plaque for the boat.
2. A measurer/s recognised by National Authority shall take all the measurements on these forms.
3. The forms when completed shall be forwarded to the National Authority or it's delegated Representative (National Association), together with any certification fee required by the National Authority, or its delegated Representative (National Association) for endorsement. National Authorities may issue their own measurement certificate which shall be complimentary to this form.
