Part of Black Rock Y.C.
Dinghy Park.
Much space is needed to
rig sails with boats
lying on their sides.
A problem when fleets
of 50 are to be
launched.

Sponsored Rescue Craft
provide first class
advertising for the
sponsors, and a
wonderful service for
the Clubs.

H.M.A.S. Cerberus, an old
Australian gunboat, was
sunk at the Black Rock
Harbour entrance in 1918
to form a breakwater.
She still carries her main
armament of two twelve ton
muzzle loading guns, built
in 1881.
